The Altena Look 2000 is a series of motor yachts delivered by the shipyard in various stages of completion. This Altena Look 2000 Luxe was entirely built by the shipyard with luxurious paneling of steamed beech.

This Altena Look 2000 Luxe belongs to the original owner. He had this Altena Look 2000 built for long voyages through Europe, equipped with, among other things, a heavy-duty generator, washing machine, dryer, and air conditioning. Every winter, this Altena Look 2000 is stored in a hall.

The owner has never skimped on maintenance; therefore, this Altena Look 2000 Luxe is in excellent condition.
