The Huitema Zeeschouw 1050 is a beautifully lined and well laid out sea fireplace. The layout and headroom in combination with the light interior makes the Huitema Zeeschouw 1050 a very ship. The cockpit is also spacious.

This Huitema Zeeschouw 1050 came into service in 2005 and rigged in 2011 including rudder and swords. Since then it has rarely been sailed; the sails are still in new condition.

It is a very well maintained Zeeschouw ready for years of carefree sailing pleasure.

Construction material	Steel
