Bow thruster and stern thruster, generator, shore power, central heating, separate shower room, washing machine, etc. Very spacious and comfortable motor yacht suitable for an extended stay on board. With a clearance height of 3.40 m, suitable for France.

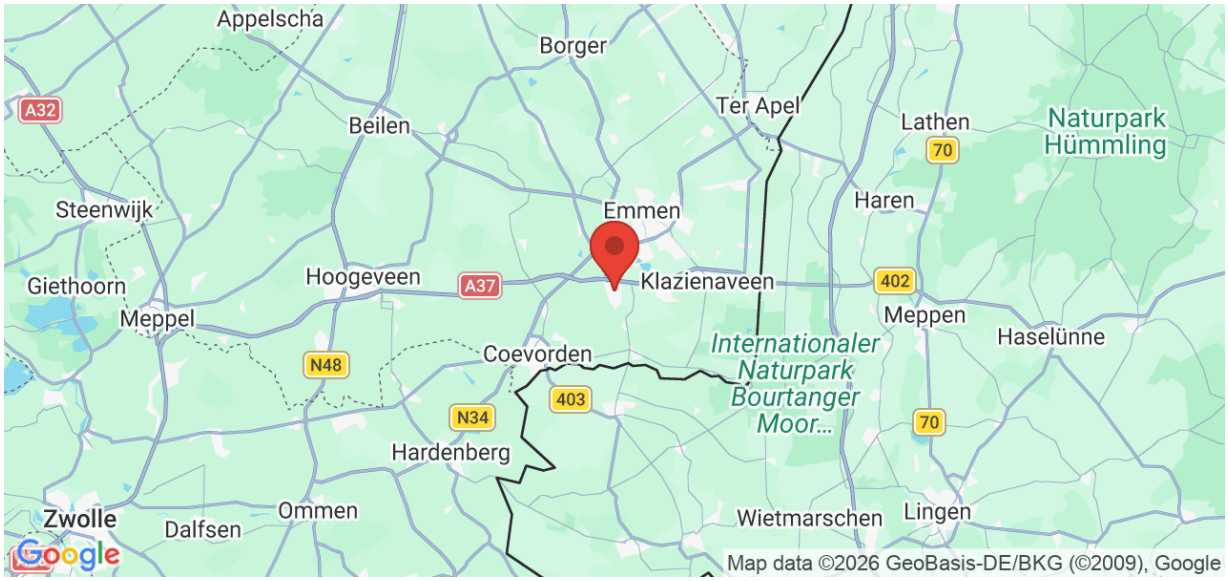

Dimensions
14,80 x 4,40 x 1,10 m.

Construction material
Steel

Engine
Vetus Cummins 115 HP (85 kW) Diesel

Reference number
262036

Berth

General

14 Photos

The Molenkruiser 1500 Flybridge offers a vast interior, featuring a spacious wheelhouse and a large aft cabin. With its flybridge and large aft deck, the outdoor space is also incredibly generous in size. The Molenkruiser 1500 Flybridge has an air draft of just 3.40 meters, making it suitable for cruising through France.

This Molenkruiser 1500 Flybridge is equipped with central heating. Combined with the Lexan secondary glazing in the wheelhouse—installed by the previous owner—this makes the vessel highly suitable for extended stays or even living aboard.

Construction material	Steel
Hull shape	Hard chine
Deck	Steel non skid
Superstructure	Steel
Rudder	1 x
Steering system	Hydraulic double wheel steering
Windows	Lightly tinted Vetus windows in aluminium frames with Lexan secondary windows in the wheel house
