De Sealine 365 Sportsbridge is voor de lengte van 36 Voet een zeer ruim motorjacht mede door de optimale indeling van het interieur. De reden dat het topmodel van de Sealine 365 Sportsbridge uitgerust is met 3 motoren is gelegen in het feit dat sterkere Volvo Penta motoren te grote inbouwhoogtes hadden.

Voor de optimale prestaties heeft Sealine gekozen voor de 3 x 200 pk sterke Volvo Penta motoren welke de Sealine 365 Sportsbridge een topsnelheid geven van 32 Kn.! Bij rustige vaart door de kanalen verbruiken de motoren 2 liter per uur per motor. De eigenaar vaart regelmatig alleen op de middelste motor.
