Beautifully maintained Trewes 1 A from the now world famous Huisman Shipyard (now Vollenhove). S-frame with very good sailing characteristics and with a draft of only 1.15 m, the Trewes 1 A has a very large sailing area.

The underwater ship was sandblasted in 2011 and the hull was sandblasted in 2015. The sailing yacht is stored in a hall every winter and is ready for years of sailing pleasure!

Construction material	Steel
Hull shape	S-bilged
Deck	Teak on staal (2000, renovated in 2011)
Superstructure	Mahogany
Keel / leeboard	Long keeler
Steeringsystem	Tiller
